ULSTER SAVINGS CHARITABLE FOUNDATION PROVIDES FUNDING FOR COMMUNITY SERVICES PROGRAMS CAPITAL PROJECT

The Ulster Savings Charitable Foundation recently announced their \$10,000 grant in support of Community Services Programs, Inc.'s building renovation efforts.

The capital project will improve the building's energy efficiency through the purchase and installation of new windows, boiler system, hot water heater and a 2nd-floor air handling system. Additional projects will include the sealing of exterior masonry exposures and the removal of existing asbestos.

"For the past 36 years, Community Services Programs has served the housing needs of low-income, special needs families and seniors throughout Orange, Dutchess and Ulster counties. Their renovation efforts will provide significant savings over the long term, so we're very pleased to help them enjoy the many benefits of becoming more energy efficient" said Jeffrey Wood, Charitable Foundation Executive Director.
