

Simplify your life with Clover

Accept payments and manage your business with an all-in-one solution

Clover Essentials is a flexible, all-in-one service plan that allows you to accept all of the most popular forms of payments and provides you with management software to help you run your business more efficiently. With Clover Essentials, you can easily accept payments with or without a point-of-sale (POS) device, track your sales and manage your business more efficiently.

Accept payments from anywhere

Take payments over the phone with Clover Virtual Terminal, on-site with the Clover Go mobile app, online through your website or in-person with a modern Clover POS device.

Run your business your way

Manage sales orders, inventory, customers and more with Clover Dashboard on the web, on your mobile device or on your POS device.

Keep your customers and your business safe

Be confident that your customer and business data are protected with industry-leading security technologies and fraud prevention tools.

Clover Essentials provides flexible ways for you to accept payments and manage your business:

Clover Virtual Terminal – Take payments over the phone or by mail by securely keying in customer card information through a web browser

Mobile payments – Use the free Clover Go app to take payments on your phone or tablet and add an optional card reader

Support for Clover Flex or Clover Mini – Accept payments in-person and run your business with the portable Clover Flex or the compact, countertop Clover Mini

Clover Dashboard – Track your sales and manage your business through a web browser or your mobile device

A flexible solution for accepting payments anywhere and managing your business

Accept payments over the phone through a web browser, an invoice or a recurring payment schedule sent by email, in-person on your phone or tablet, online through your website or upgrade to the portable Clover Flex or countertop Clover Mini.
