## The GTM Difference
Founded in 1991, GTM processes more than $1 billion in payroll every year for over 30,000 employees across the U.S. Our level of responsiveness is unsurpassed in the industry. Instead of getting lost in a phone tree, you have a direct line to your dedicated account manager. That account manager gets to know your payroll and HR like no one else. Behind that single point of contact is a network of certified payroll professionals, licensed insurance brokers, employment tax experts, CPAs, and PHR-certified human resource professionals devoted to your service.

## Dedicated Support and Training
Our implementation process is designed to make your transition go smoothly. You will have an implementation manager as a single point of contact and GTM's implementation team will provide in-person, hands-on training tailored to your organization's needs using personalized instruction and e-learning. Plus you'll always have direct access to our service teams for any additional support. And GTM will assist you through the first three payrolls. If we don't do it right, you don't pay for it.

GTM's HCM team will manage the implementation through a streamlined process that keeps new clients in alignment and drives collaboration and transparency to ensure a smooth transition. Your best interests are at the heart of what we do. With GTM you can concentrate on what's important – growing your business.

## Your Security is Paramount
The security of your data must be beyond question. That's why GTM maintains compliance with SSAE-16, a standard for auditing business controls developed through the American Institute of Certified Public Accountants. This compliance ensures that our system is protected against unauthorized access, our processing integrity is uncompromised, and personal information is handled according to the highest standards of privacy.

iSolved is the technology that you need today, but won't outgrow tomorrow. Call us at **518-373-4111** for your personal iSolved demo and transform your business!
